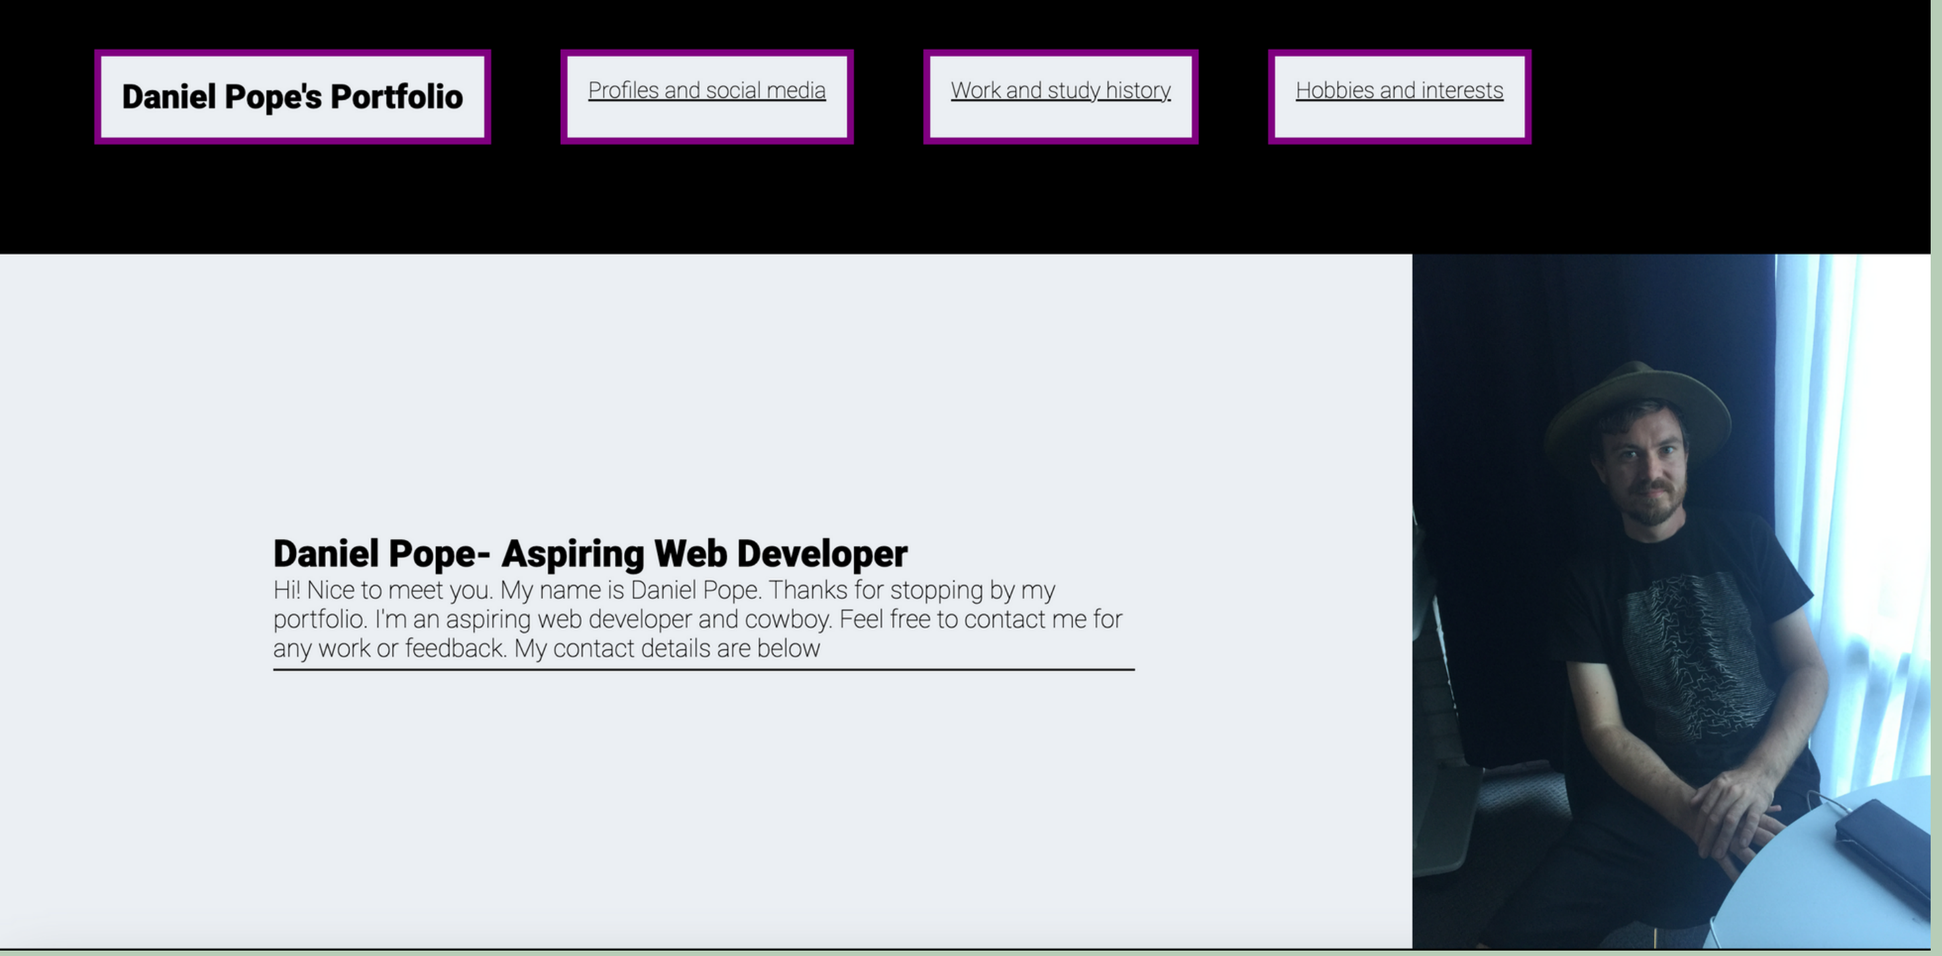
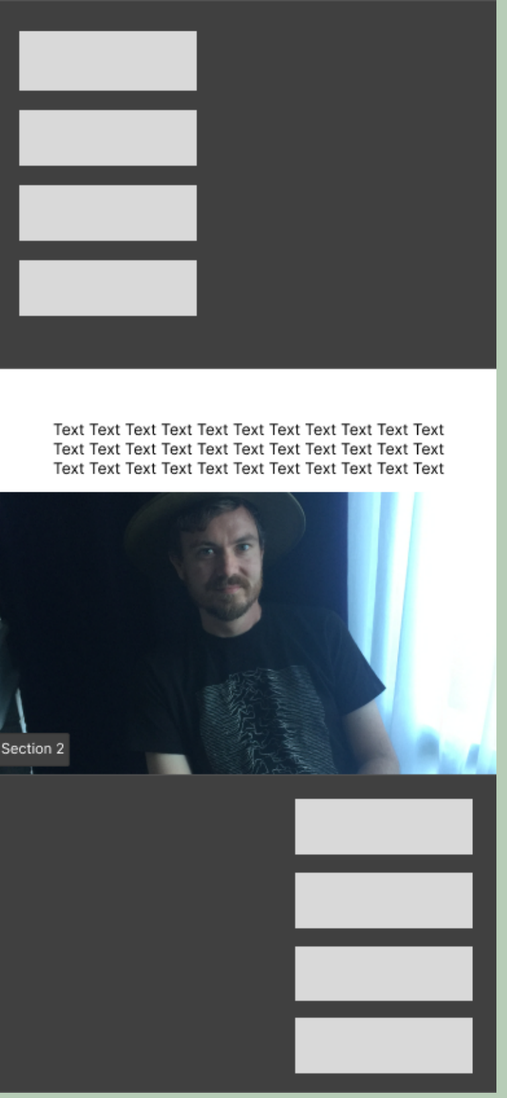
Daniel Pope's Portfolio Website

By Daniel Pope

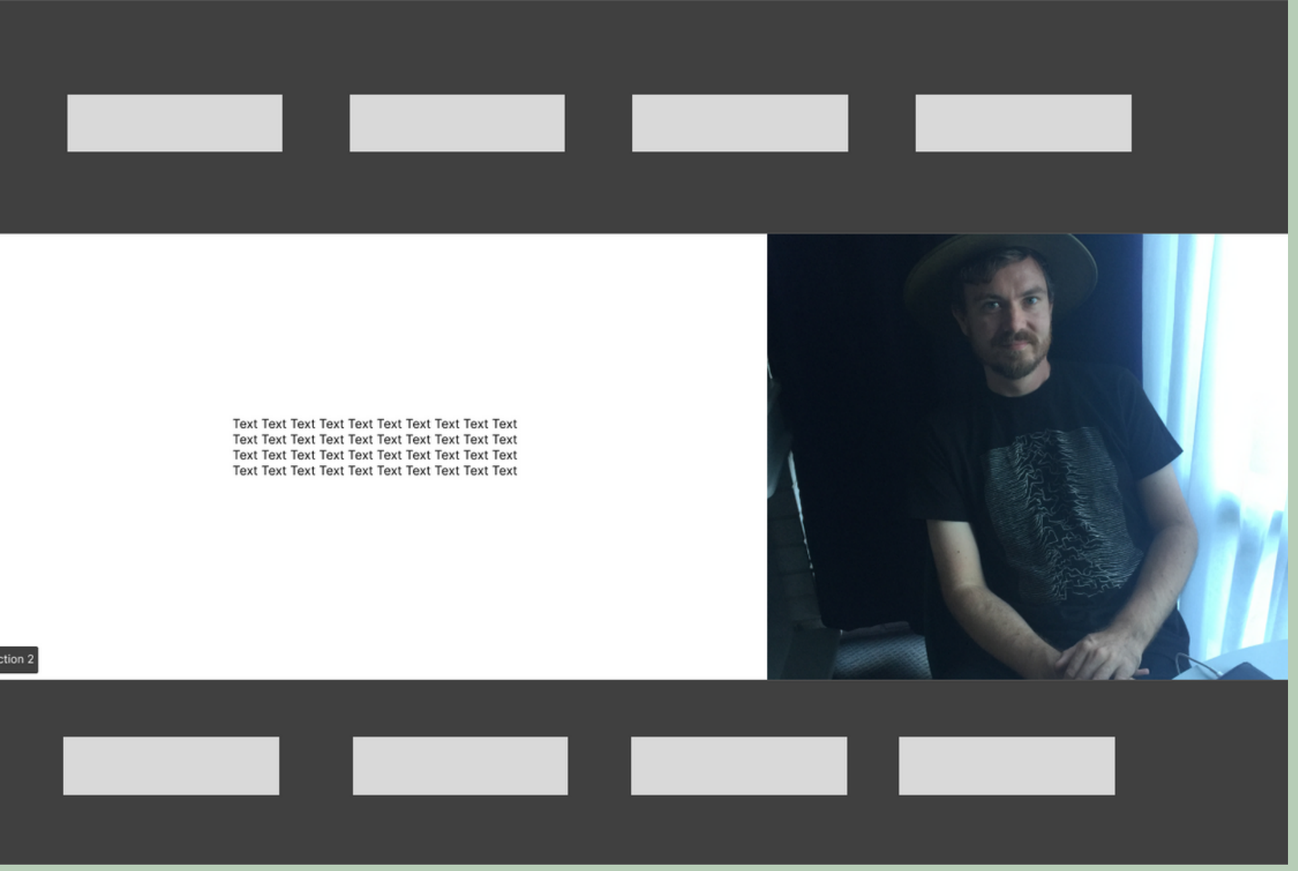
I am going to introduce you to my website and also talk about my challenges, triumphs, learning curves and more as I was creating it



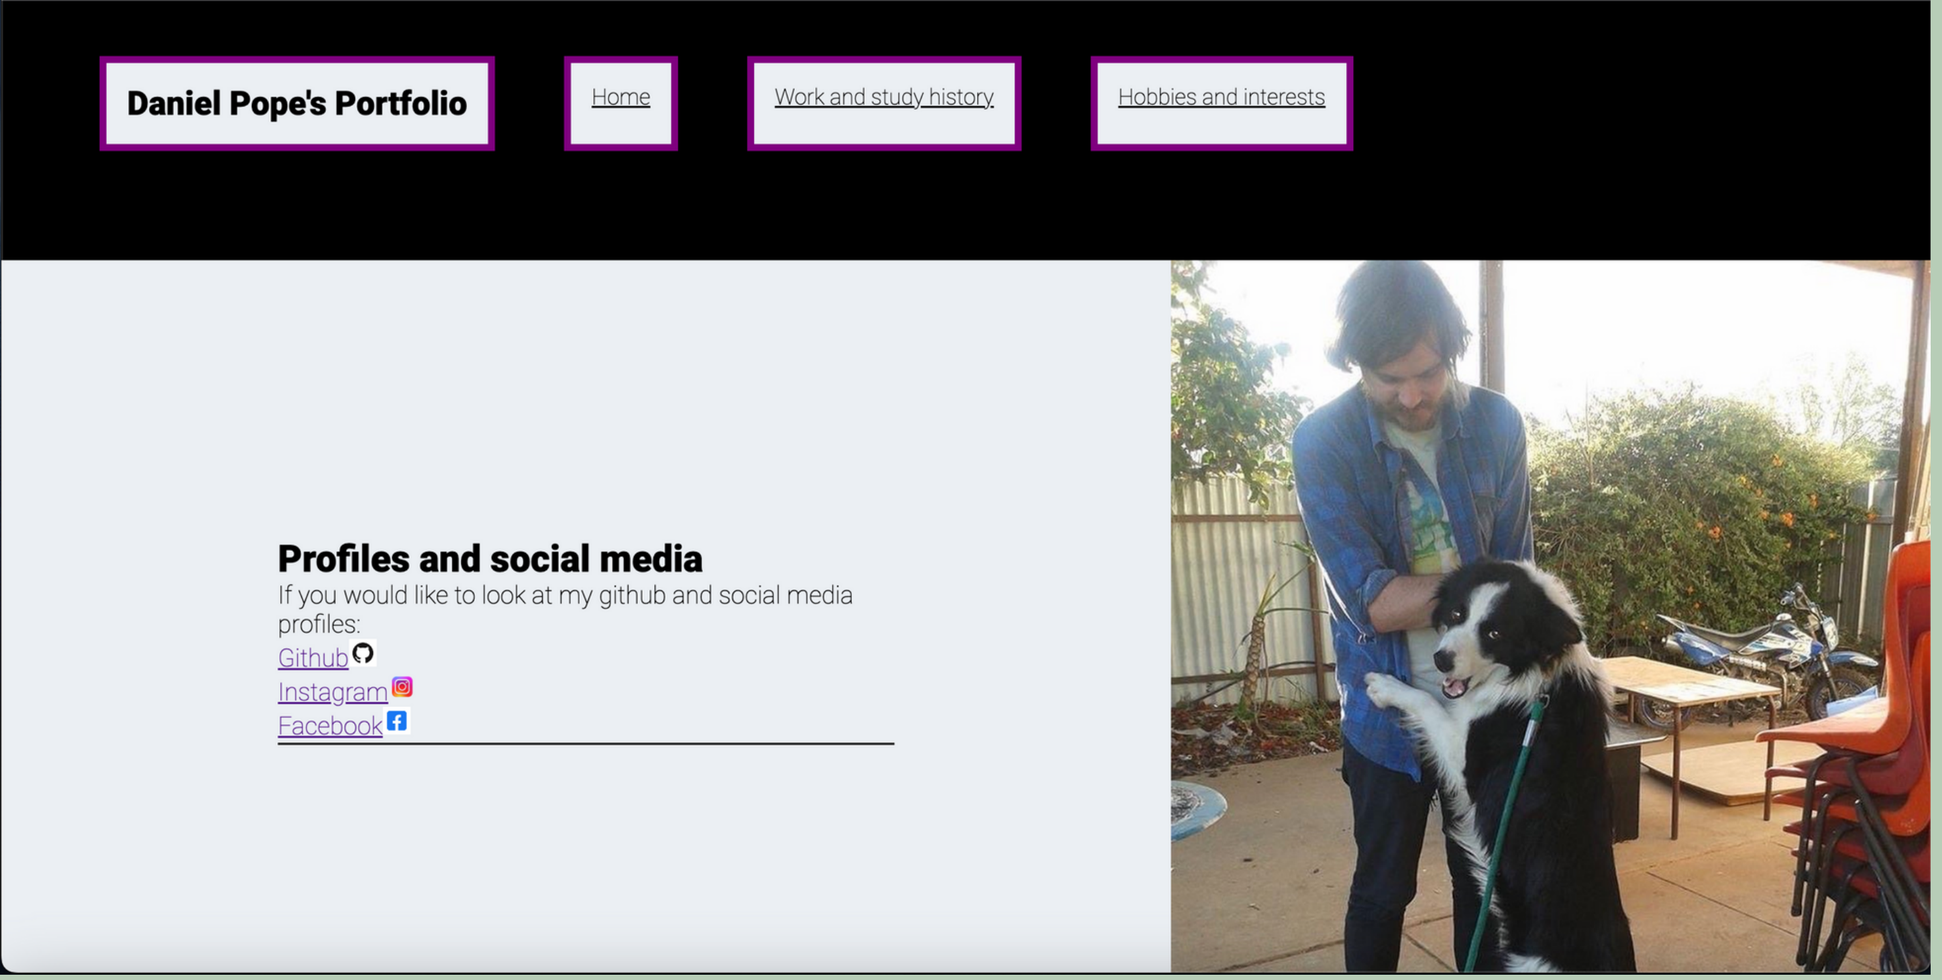
Home page featuring navigation bar



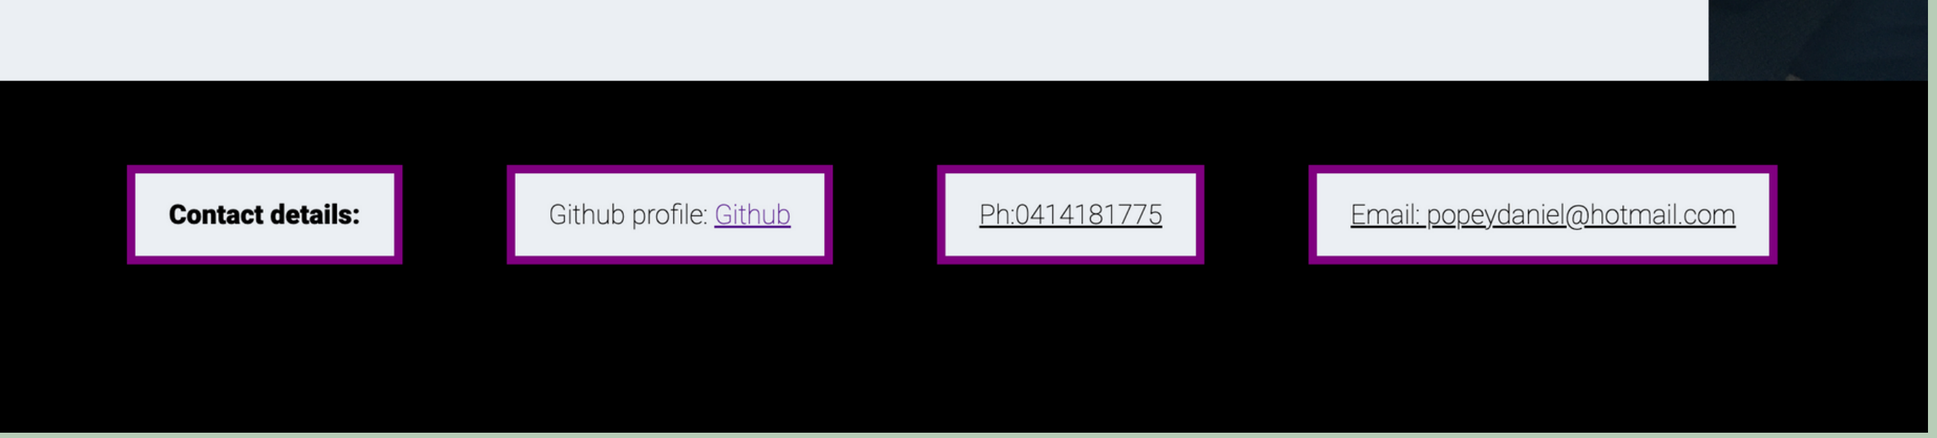
- Initial design thoughts
- Wireframes
- Mobile first



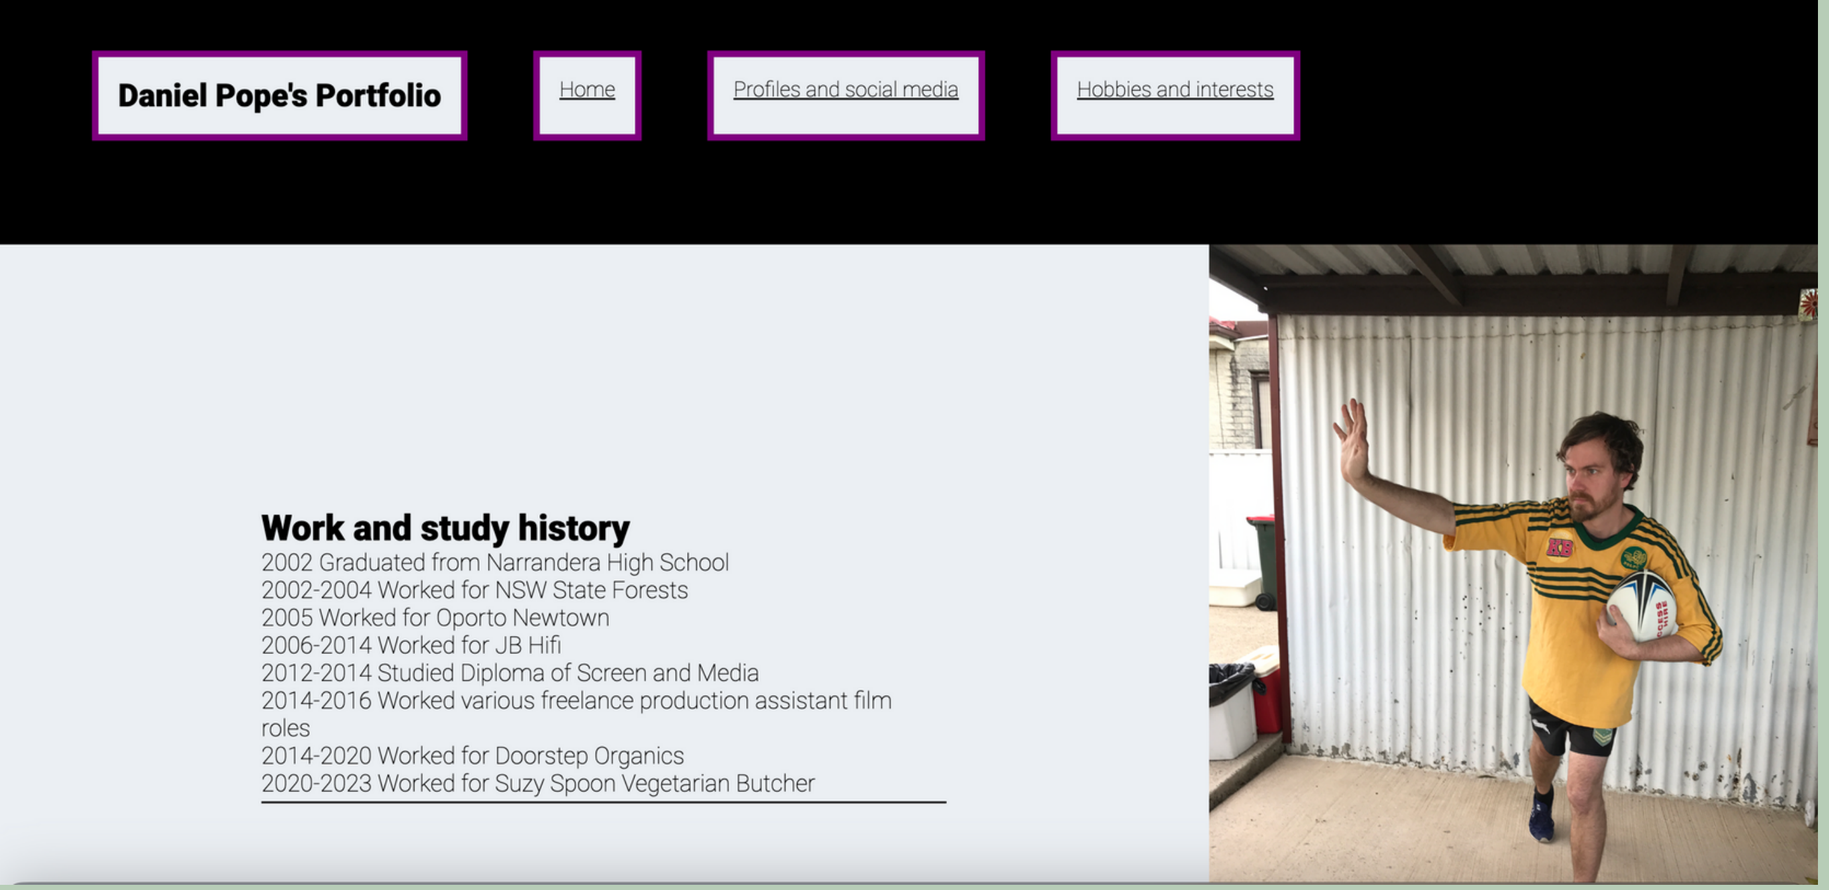
- layout and text
- design challenges
- functionality



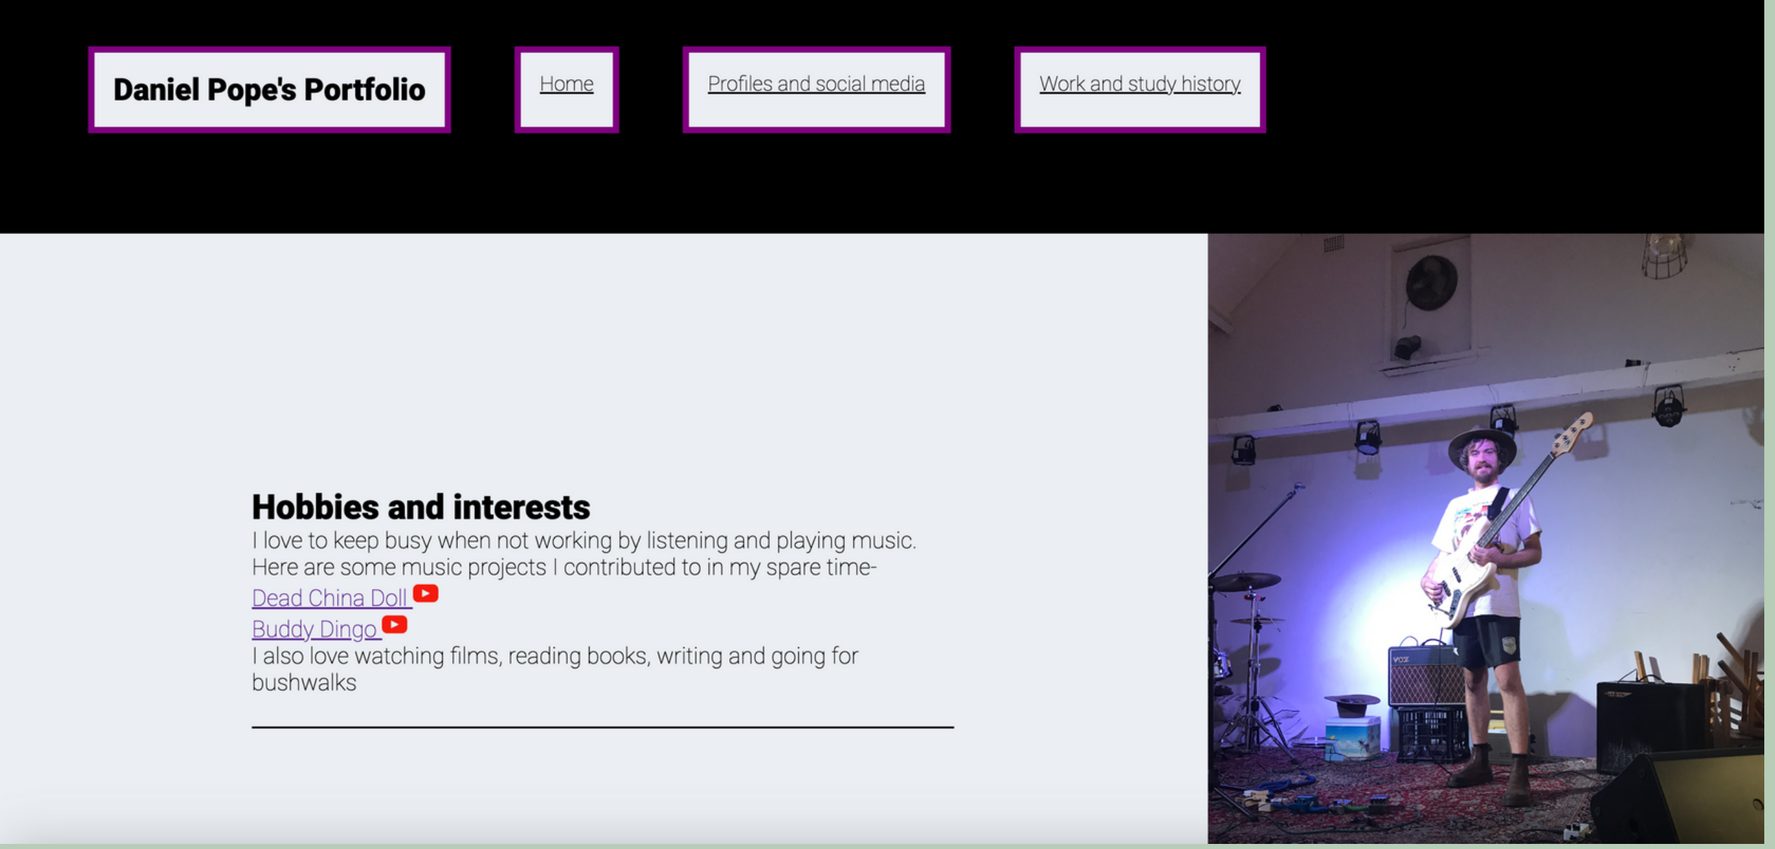
- **Tools used included HTML, CSS, Github, Terminal, Netlify, Canva**



The Footer and its functionality



Portfolio is published but will continue to be a work in progress



- Conclusion
- What I learnt
- Thank you

By Daniel Pope
